Information in this report is supplied by the inventors pursuant to obligations of obligations specified in company policies or an agreement with inventor or the inventor's employer other than the company.

COMPANY CONFIDENTIAL

INVENTION DISCLOSURE FORM

3. Is this invention related to any other (i) issued patents, (ii) pending patent applications, or (iii) previously submitted invention disclosures of the Company?

Yes No

If so, please provide the title and inventors:

CONCEPTION/REDUCTION TO PRACTICE

4. Stage of development of the invention (*i.e. concept, % complete, simulations done, test if any, etc.*)

5. Date the invention was conceived

Attach copies of relevant documentation of conception i.e. notebook entries

6. Has a prototype of the invention been constructed?

Yes No

If YES, indicate date of completion

TECHNICAL SUBJECT MATTER

7. Include several key words to describe the technology area of the invention (*This will be helpful for art searching*):

INVENTORSHIP

8. Are all of the above-listed inventors still employed by the company?

Yes No

If NO, name(s) of inventor(s) who are not:

9. Was the invention conceived or constructed in collaboration with anyone other than a company employee or in performance of a project involving entities other than the company (e.g. other companies)?

Yes No

If YES, Name of the Individual or entity:

Information in this report is supplied by the inventors pursuant to obligations of obligations specified in company policies or an agreement with inventor or the inventor's employer other than the company.
COMPANY CONFIDENTIAL

INVENTION DISCLOSURE FORM

INVENTORSHIP (cont.)

10. Is the invention subject to any agreement between the company and a third party (e.g., a secrecy agreement, license agreement, joint development agreement)?

Yes No

If YES, please list names of third parties and attach copies of agreements between third parties regarding the program:

PUBLIC DISCLOSURE/ON SALE ACTIVITY

11. Has a description of your invention been (or planned to be) published outside of the company (e.g., newsletter, technical or trade journal, etc.):

Yes No

If YES, please identify the publication and the date published:

Date of Publication

12. Has the invention been (or planned to be) described or demonstrated to persons outside of the company, including consultants or suppliers, who have not signed confidentiality agreements or at a trade show?

Yes No

If YES, please describe individuals involved and date of demonstration.

Date of Demonstration

13. Has your invention been used/sold or planned to be used/sold by the Company or others?

Yes No

If YES, please provide the date it was sold or will be sold

Date of Sale/ to be Sold

Information in this report is supplied by the inventors pursuant to obligations of obligations specified in company policies or an agreement with inventor or the inventor's employer other than the company.

COMPANY CONFIDENTIAL

INVENTION DISCLOSURE FORM - INVENTION DETAILS

SUMMARY OF THE INVENTION

In 15-30 words, describe the invention

DETAILED DESCRIPTION OF THE INVENTION

Describe in detail what the components of the invention are and how the invention works. Reference and attach relevant sections of notebook pages. Please include figure(s) illustrating the invention (if applicable).

Information in this report is supplied by the inventors pursuant to obligations of obligations specified in company policies or an agreement with inventor or the inventor's employer other than the company.

COMPANY CONFIDENTIAL

INVENTION DISCLOSURE FORM - INVENTION DETAILS

EXPECTED BROADCAST SCOPE

Describe the broadest scope which you expect could be operable (e.g., if a machine or product, describe alternate types and sizes of materials for construction, etc.; if a process, describe alternate manufacturing conditions, uses, etc.).

ADVANTAGES

Describe advantage(s) of your invention over what is done presently. Please provide data, if available. What is the problem being solved by the invention?

VALUE

What is the value of your invention to the company (how will it be used?).

Information in this report is supplied by the inventors pursuant to obligations of obligations specified in company policies or an agreement with inventor or the inventor's employer other than the company.

INVENTION DISCLOSURE FORM - INVENTION DETAILS

MANUFACTURE AND USE

Where is manufacturing and use of this invention likely to occur? Who are the company's customers and who are the end users?

DETECTION

Who is likely to want to use this invention or infringe the patent, if one is obtained, and how would infringement be detected?

PRIOR ART

Identify the closest or most pertinent prior art of which you are aware.

Information in this report is supplied by the inventors pursuant to obligations of obligations specified in company policies or an agreement with inventor or the inventor's employer other than the company.

COMPANY CONFIDENTIAL

INVENTION DISCLOSURE FORM - INVENTION DETAILS

DIFFERENCES

Explain how your invention is novel. If the technology itself is not new, explain what makes it different. For example, what problem does this invention solve? What features of this invention do you believe to be different from current processes or products of which you are aware?

Information in this report is supplied by the inventors pursuant to obligations of obligations specified in company policies or an agreement with inventor or the inventor's employer other than the company.
